

When your pet goes on the lawn,  
remember it doesn't *just* go on the lawn....

Rain washes pet waste into storm drains,  
which lead straight to our streams,  
local waterbodies and the ocean.

---

## SCOOP THE POOP!

Pet waste is full of bacteria and parasites  
that make people, pets, and wildlife sick.

Flush it down the toilet,  
or seal it in a bag for the garbage.
